

North Delta Secondary Husky Herald

Issue 4

In Loving Memory

Sadly, one of North Delta Secondary School's staff has passed away. Mrs. Jalandoon was a well-respected Science teacher here at North Delta Secondary. She was a compassionate person who carried a positive aura everywhere she went. As a Science teacher for students in various grades, Mrs. Jalandoon truly went above and beyond. Her passion as an educator came through in everything that she did. Mrs. Jalandoon was passionate about Science, and did everything in her power to help her students reach both academic and personal success. Ultimately, Mrs. Jalandoon's goal was to see her students succeed and she accomplished this by making herself available to students for extra help, delivering her lessons in various engaging methods, and sharing her experiences and insight with students. Beyond the classroom, Mrs. Jalandoon put great emphasis on being a well rounded individual and ensured that all of the work done and ethics acquired in her class could effortlessly be applied to the real world. Without a doubt, Mrs. Jalandoon reached her goal as an educator, and truly impacted the lives of many students. As an involved staff member at North Delta, Mrs. Jalandoon was engaged in many clubs. To list a few of many, she was involved with the Senior Girls Bhangra Team and was on the organizing committee for the annual Vaisakhi Festivities. Whether she was inside of the class or out, Mrs. Jalandoon always strived to make a positive impact and had only the best interests of others at heart. Mrs. Jalandoon will truly be missed by all, and will always be remembered.

"Once a Husky, Always a Husky"

Basketball

This was nothing but a dream season for North Delta Secondary Senior Boys Basketball team. And it all began with the preseason training. Working hard through the summer break, all the way until February saw the Senior Boys ranked number one prior to the Fraser Valley Championships. With Provincials in sight, the boys had to take care of business first in the Fraser Valleys, where they defeated Robert Bateman by a score of 88-52. Next game the Huskies faced off against MEI and won by 30 points, followed by a tremendous comeback win in the semi finals against Rick Hansen in overtime. In the finals, the Huskies were able to take down Pitt Meadows in their home court, and clinch a title banner by the score of 69-56. Two of our very own Huskies, Arun Atker, and Vikram Hayer were named in the the first team all-star; while Suraj Gahir was named the MVP of the Fraser Valley Championships. In the provincial tournament, our Huskies were ranked number four as they were throughout the regular season. The boys showed great dominance throughout the first two rounds by beating both GP Vanier, and R.A. McMath to secure a spot in the semi-final game against number one seed Byrne Creek. The Huskies started out the game strong; however, it was not enough to take down the number one seed. The Huskies played for third and fourth, where they played the same Pitt Meadows side as the Fraser Valley finals. The Huskies came out victorious with a third place finish to cap one of the most prominent seasons in North Delta basketball history. Your Huskies are ranked number one in the preseason polls for the 2018-2019 season as well! Congratulations to both Mr Hundal and Mr Sandhu along with the rest of the boys on a successful season.

Shrek

North Delta's take on Shrek was one to remember. Shrek is a tale about inner beauty and staying true to yourself. From the cast to the crew, everything about North Delta's Shrek production was exceptional. Each actor, from the smallest role to the largest, had their moments and truly showcased what Shrek is all about. Special star performances from Sam Hacker as Shrek, Aleena Mondor as Fiona, Breanne Birk as Donkey and Rachel Garvin as Lord Farquaad. Sam depicts the character of Shrek well as his accent was spot on and faultless. Aleena showed such emotion during her portrayal of a princess desperate for love to escape her curse. Her delightful singing brings a smile to the audience's face. Breanne's fantastic portrayal of an iconic character provides the viewers with constant laughter. Her energetic performance and expressions were magnified throughout the entire play. Rachel's quick humor, physical movement and sass while performing on her knees was simply amazing. The play was truly brought to life with the special effects along with the setting which was remarkably realistic allowing the audience to furthermore enjoy the experience. This play would not have been possible without the support and guidance of Mr. Hacker, Ms. Inglin, and Ms. Macfarlane.
